¹ Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio/video input jacks while driving.
² Required XM Radio, XM NavTraffic and XM NavWeather monthly subscriptions sold separately. Subscriptions governed by XM Customer Agreement available at xmradio.com. XM NavTraffic only available in select markets. For more information, see www.xmradio.com/navweather.com. ³ Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. See dealer for details. iPod is a registered trademark of Apple, Inc. All rights reserved. iPod not included. ⁴ The optional RearView Monitor is a convenience, but not a substitute for proper backing procedures. Always turn and check that it is safe to do so before backing up. The RearView Monitor may not detect every object behind you. ⁵ Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. See your Owner's Manual for more details. ⁶ VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques.
